TOWN OF
HAPPY VALLEY - GOOSE BAY

Mayor Wally Anderson
Town of Happy Valley-Goose Bay
212 Hamilton River Road
PO Box 40 Station B
A0P 1E0

Your Worship,

On behalf of the over 10,000 people living with epilepsy in the province of Newfoundland and Labrador, Epilepsy NL would like to thank you for signing the Purple Day Proclamation.

We would like extend our sincerest thanks to your Council for proclaiming March 26th as Purple Day, and for bringing recognition to Epilepsy throughout the province. We are honoured that our 2018 Purple Day Ambassador, Ed Pilgrim-Turner was able to witness the signing of the Proclamation in his own town.

Epilepsy can happen to anyone at anytime, however there is still a lot of stigma and misunderstanding associated with this neurological condition. Educating others and informing the population about the disorder helps bring awareness, and by signing the Purple Day Proclamation you have contributed greatly to this. It can be challenging to bring understanding to all areas of our province, so we truly thank you for continuing a showing of support in Happy Valley-Goose Bay.

We have listed your town on our website and social media, showing your continual support for the more than 10,000 people living with epilepsy in NL. If you have any more pictures you would like to send along, please feel free and we will post those as well.

Thank you for your participation and we look forward to working with you next year to educate even more people.

Yours Sincerely,

Sarah Mercer
